STARTING POINT

SITUATION

Really slow and tedious management process for all the sales expenses documents.

CONSEQUENCE

- High administrative costs due to independent tasks.
- Risk of loss, misplacement and deterioration of the documents.
- Many resources and low productivity and agility.
- Difficulty in physically delivering the supporting documents.

PROJECT GOALS

Streamline expense accounting to keep it more up to date.

Quick ticket's delivery to the Accounting Department.

Not having to save all documents on paper.

Easy digital storage of documents with a homologated software.

"Thanks to XPENDOR, we have achieved our set objectives to improve the management and accounting of expenses incurred by some sales representatives".

Dispromia Manager

"We have recently automated the expense's accounting in the ERP, and we have configured XPENDOR to be used by a sales representative in Egypt, with a view to rolling it out to other subsidiaries such as France".
