STARTING POINT

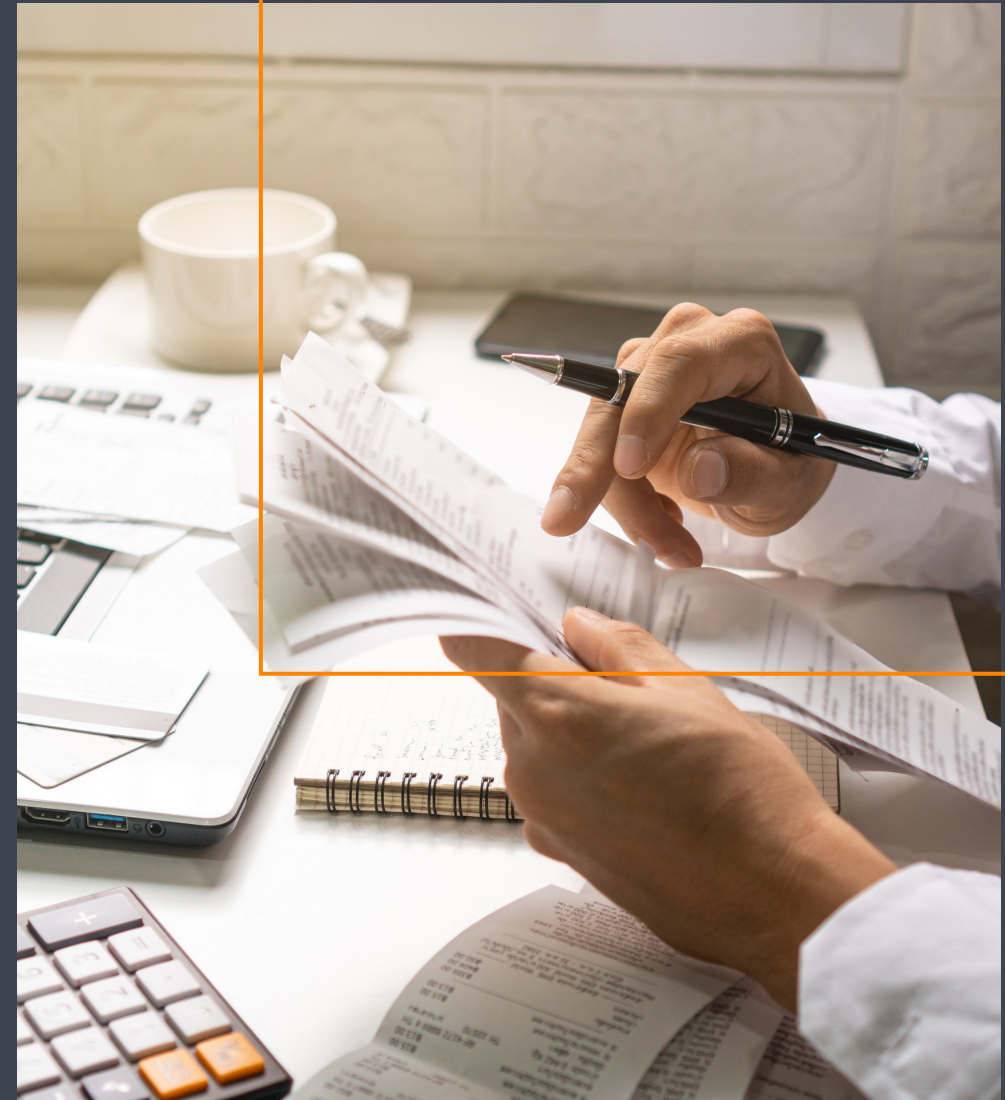

SITUATION

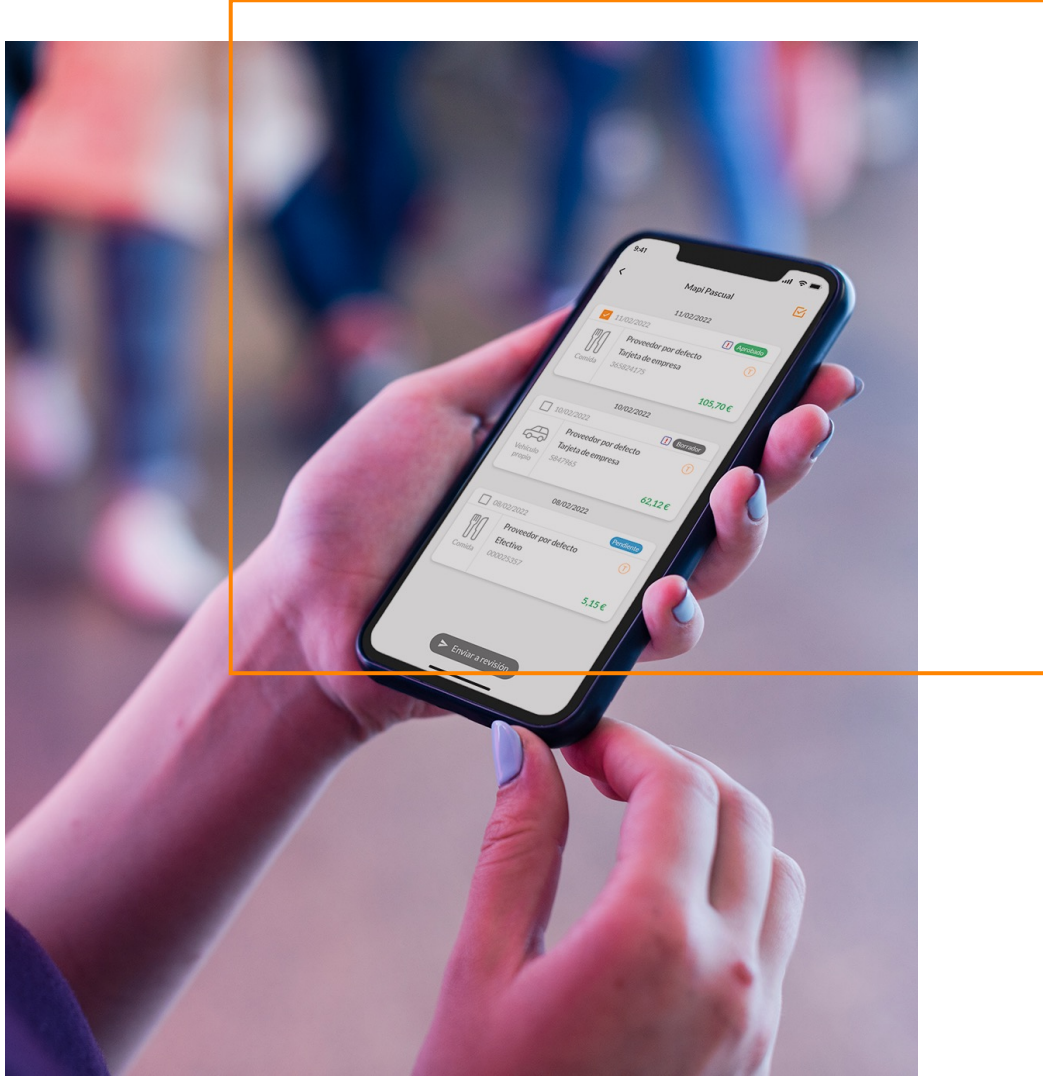

Largely manual management process handling a huge amount of documents.

CONSEQUENCE

- Risk of loss, misplacement and deterioration of the documents.
- Difficulty in physically delivering the supporting documents.
- High administrative costs due to independent tasks.
- Many resources and low productivity and agility.

PROJECT GOALS

Productivity growth.

Improve internal management and internal development of activities.

Quick document Reading.

Quickly approve or reject expenses.

Ease of user setup.

"XPENDOR has undoubtedly meant a before and after in the company representation expenses. Now the user only takes a picture of the ticket and it's recorded in the system. The manager will approve or reject the expense and once approved it will be ready for payment".

Edelvives Manager

"Edelvives Group has 400 users, so the volume of documentation we are avoiding is very important. Definitely, we are very happy with XPENDOR and we recommend it 100%".
