STARTING POINT

SITUATION

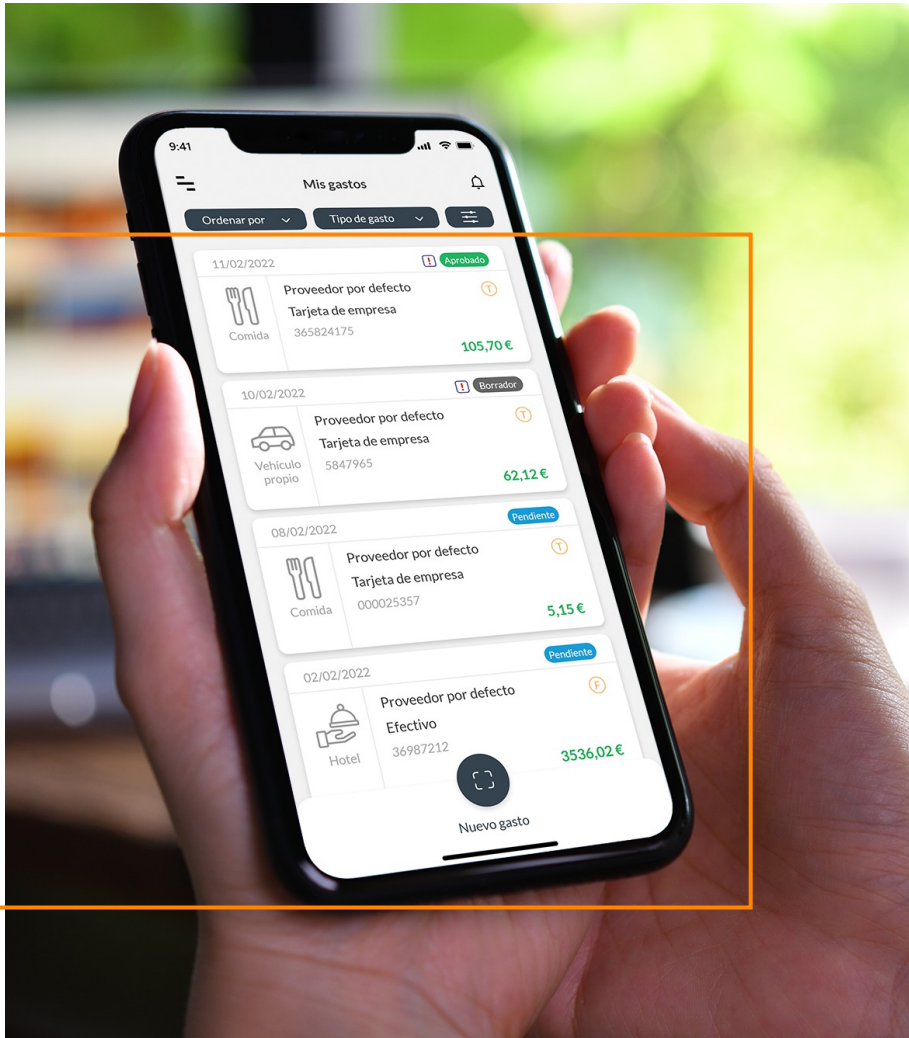

The management of employee expenses in each company was not unified. Therefore, different methods, mostly manual, were used.

CONSEQUENCE

- Manual management makes monitoring, recording and effective treatment difficult.
- The processes management and administration in the finance department was not optimal.

PROJECT GOALS

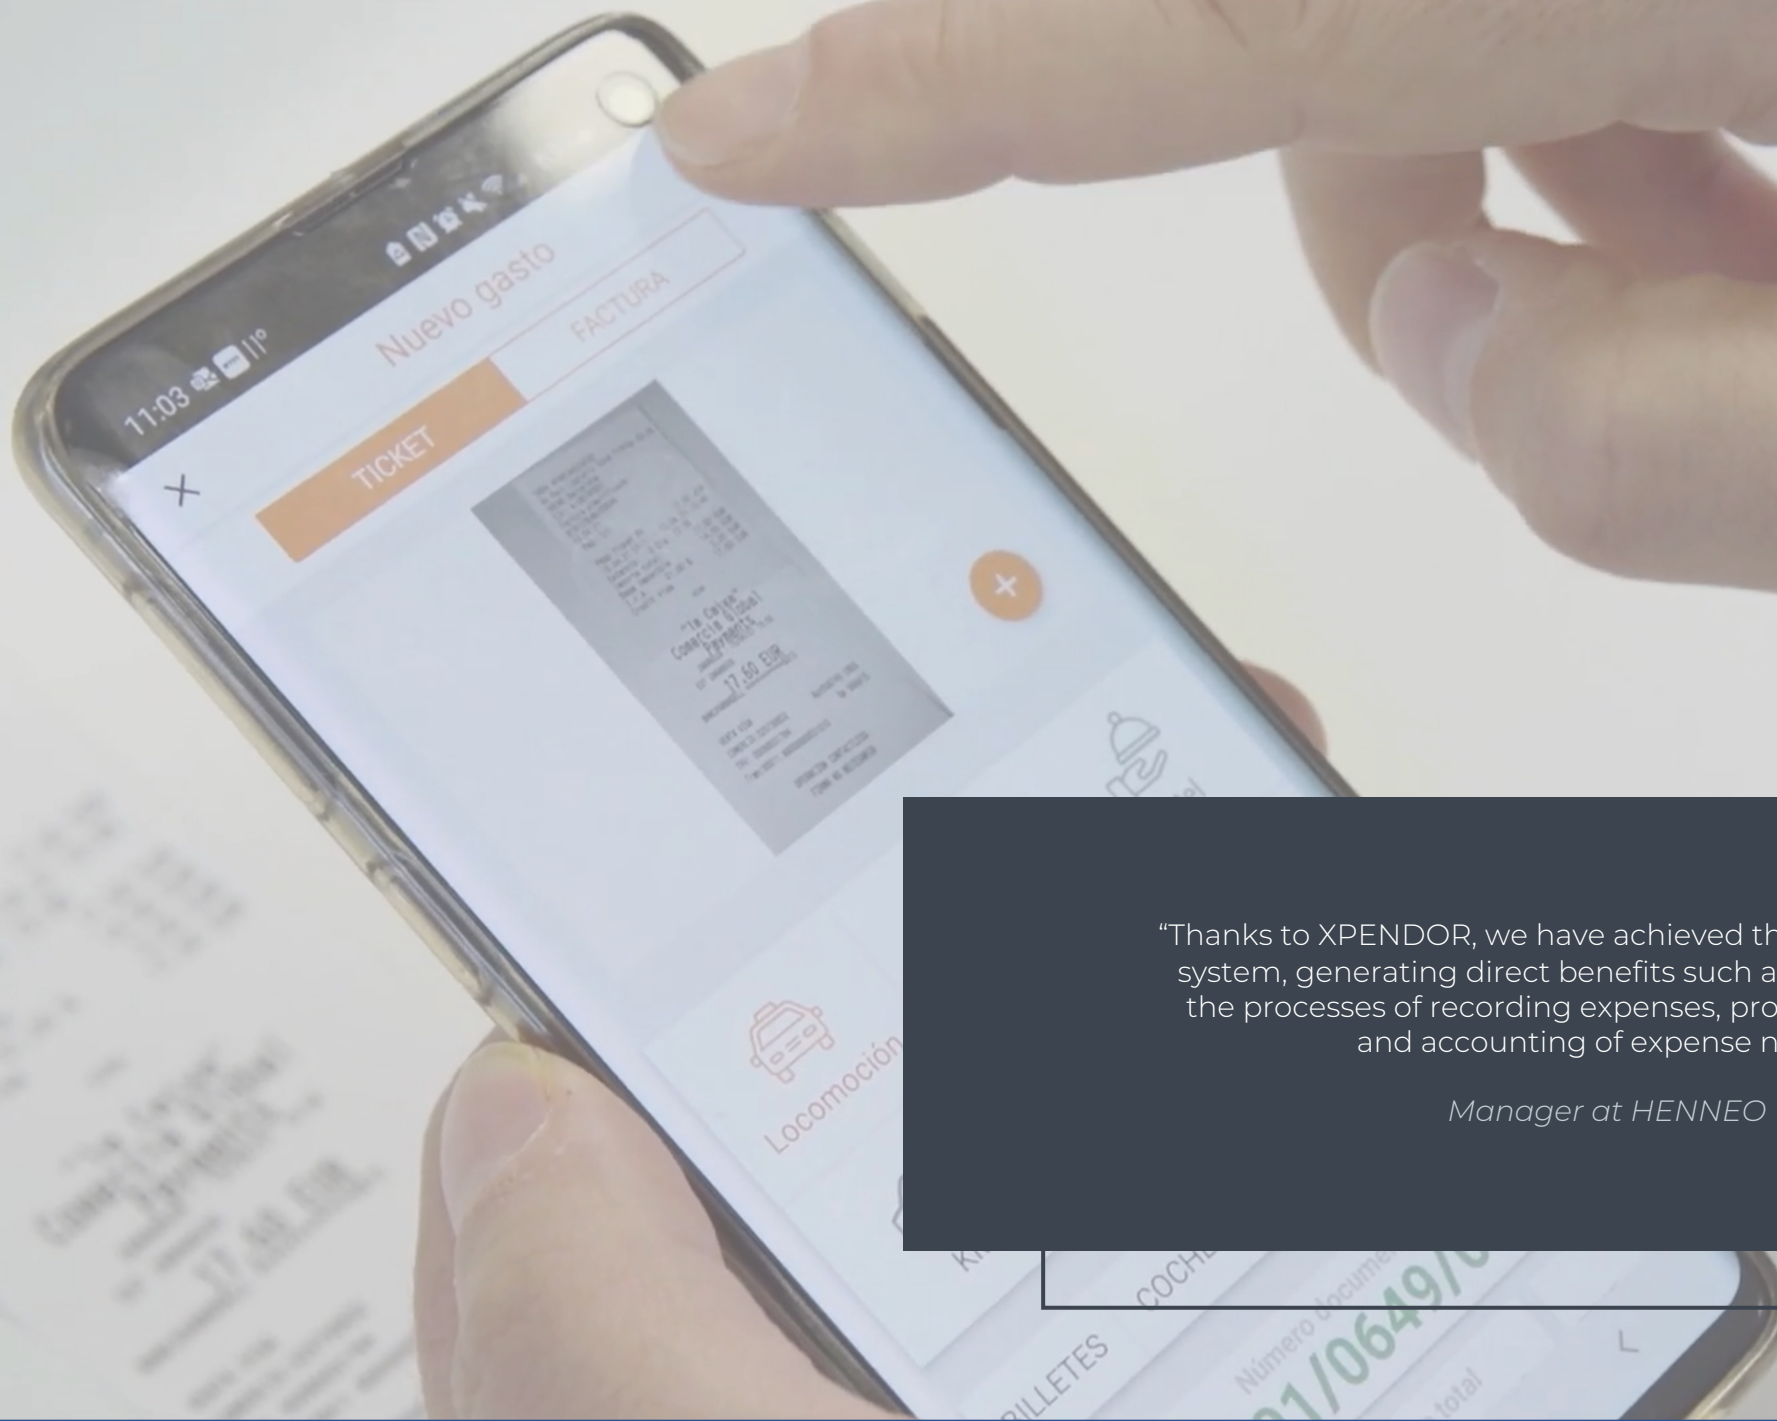

Ease and speed of expense recording for employees increasement.

Processes and tasks unification.

Time savings in the registration and management of corporate expenses.

“Thanks to XPENDOR, we have achieved the unification of the system, generating direct benefits such as greater agility in the processes of recording expenses, processing, approval and accounting of expense notes”.
